Editor's Message

We, the Editors, with the assistance of the other members of the Staff, have devoted many hours of work in an effort to bring you a book that tells the story of the 1952-53 school year. The story which it portrays is a happy one, bringing back memories of the days spent here at J. H. H. S.

It has been our intent to include every individual, activity, and the school function. We hope that each student will feel that this is solely *his* annual. With this thought we present the '53 KRAFTSMAN.

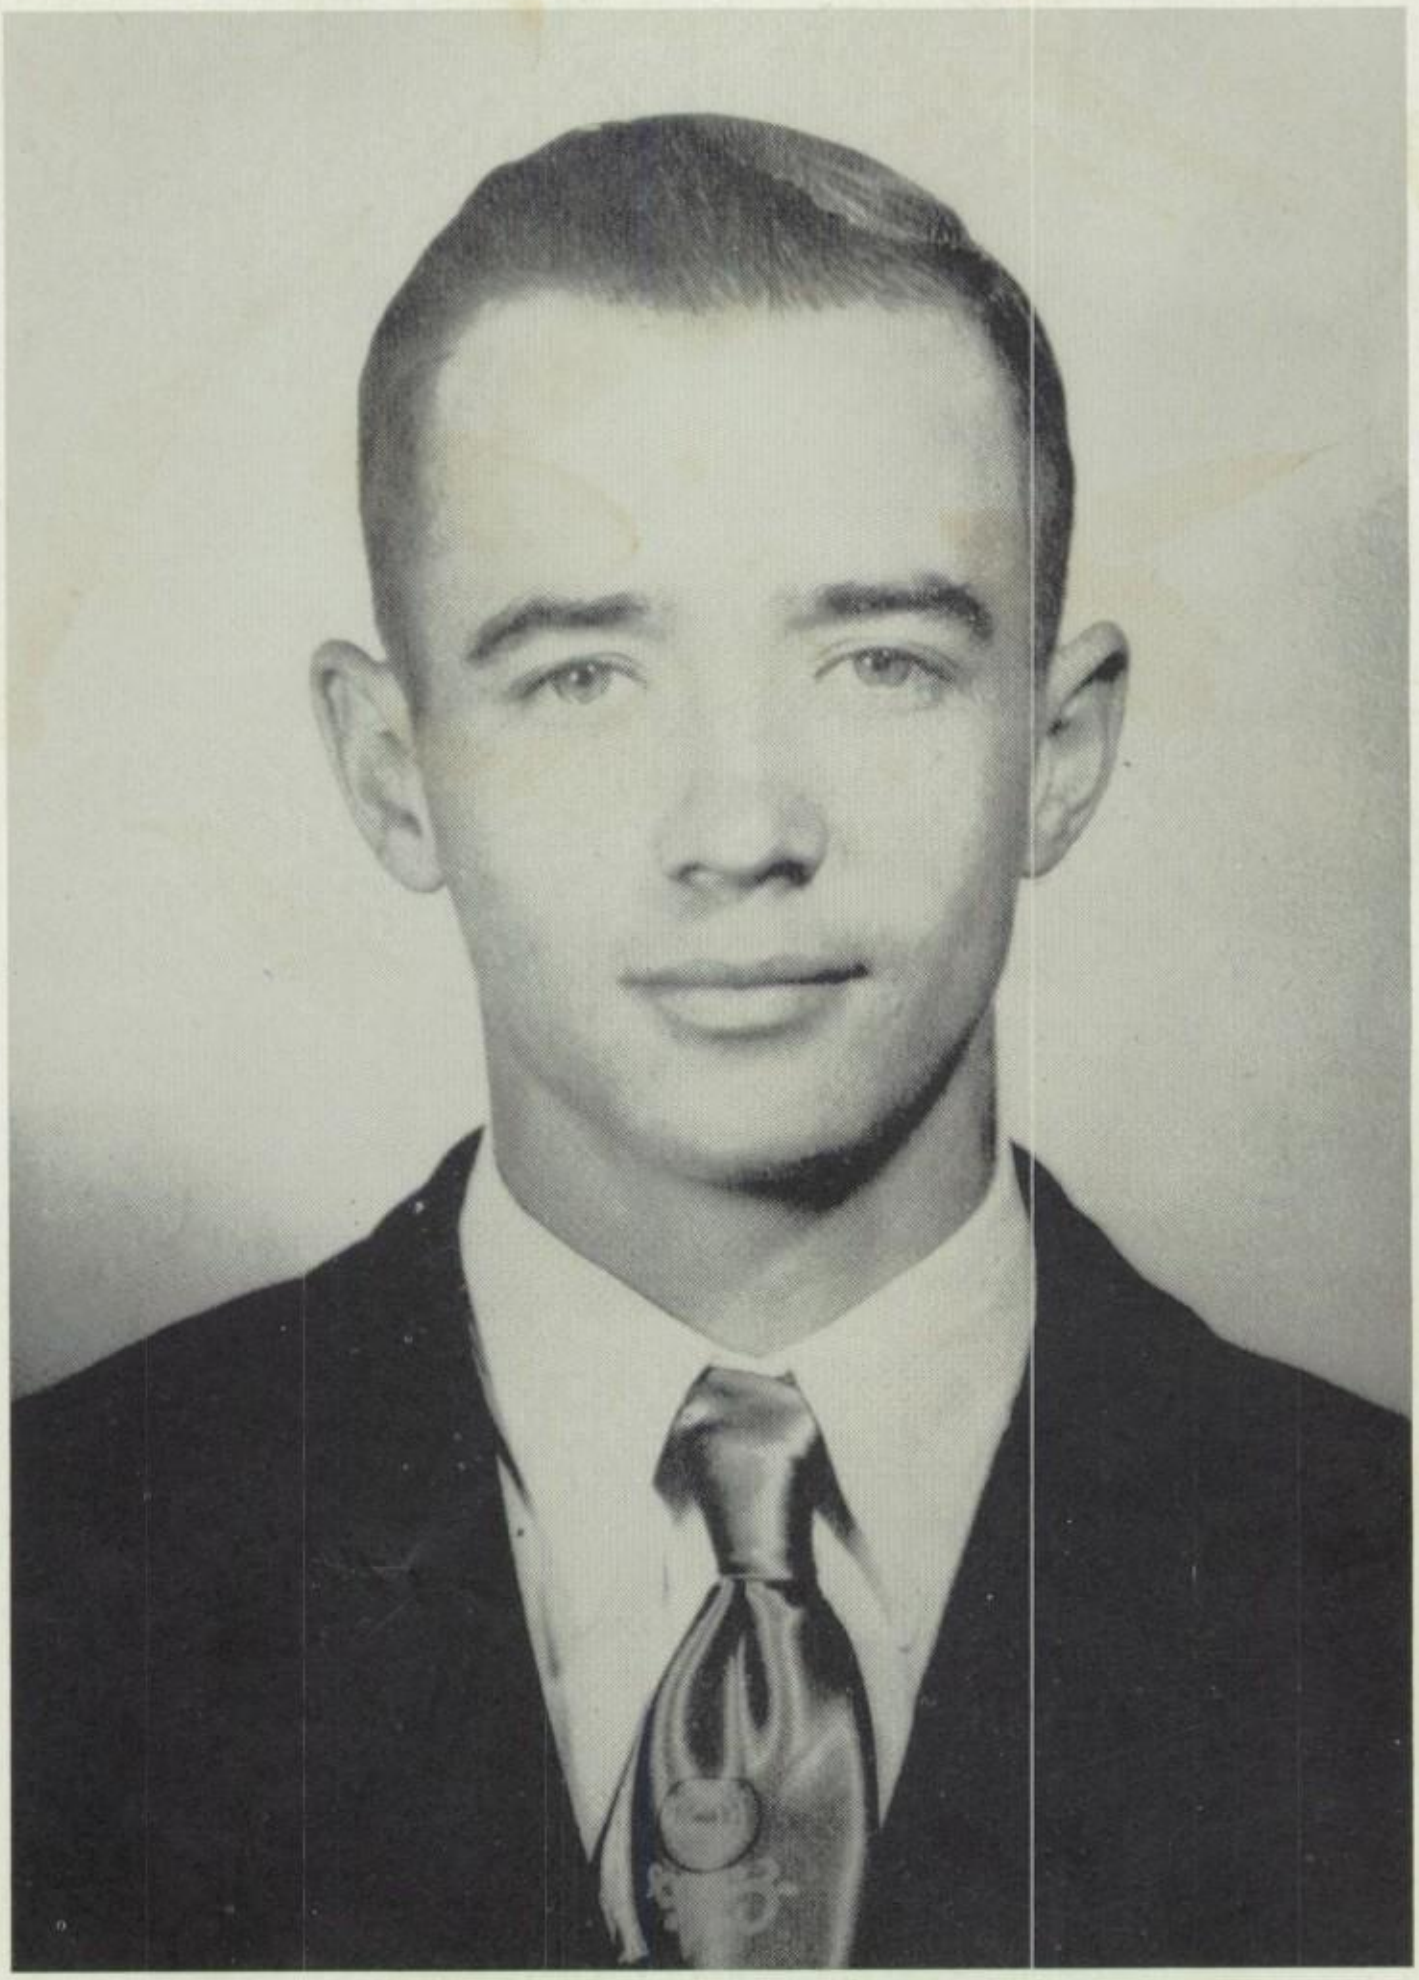
In Memoriam



In the hearts of the students and faculty of Jonesboro-Hodge there is an emptiness, which can never be filled—an emptiness created by the death of Gerald Fergurson. To all who knew him he was indeed a true friend. The Annual staff, along with the entire student body and faculty, leave the 1953 KRAFTSMAN in memory of him.

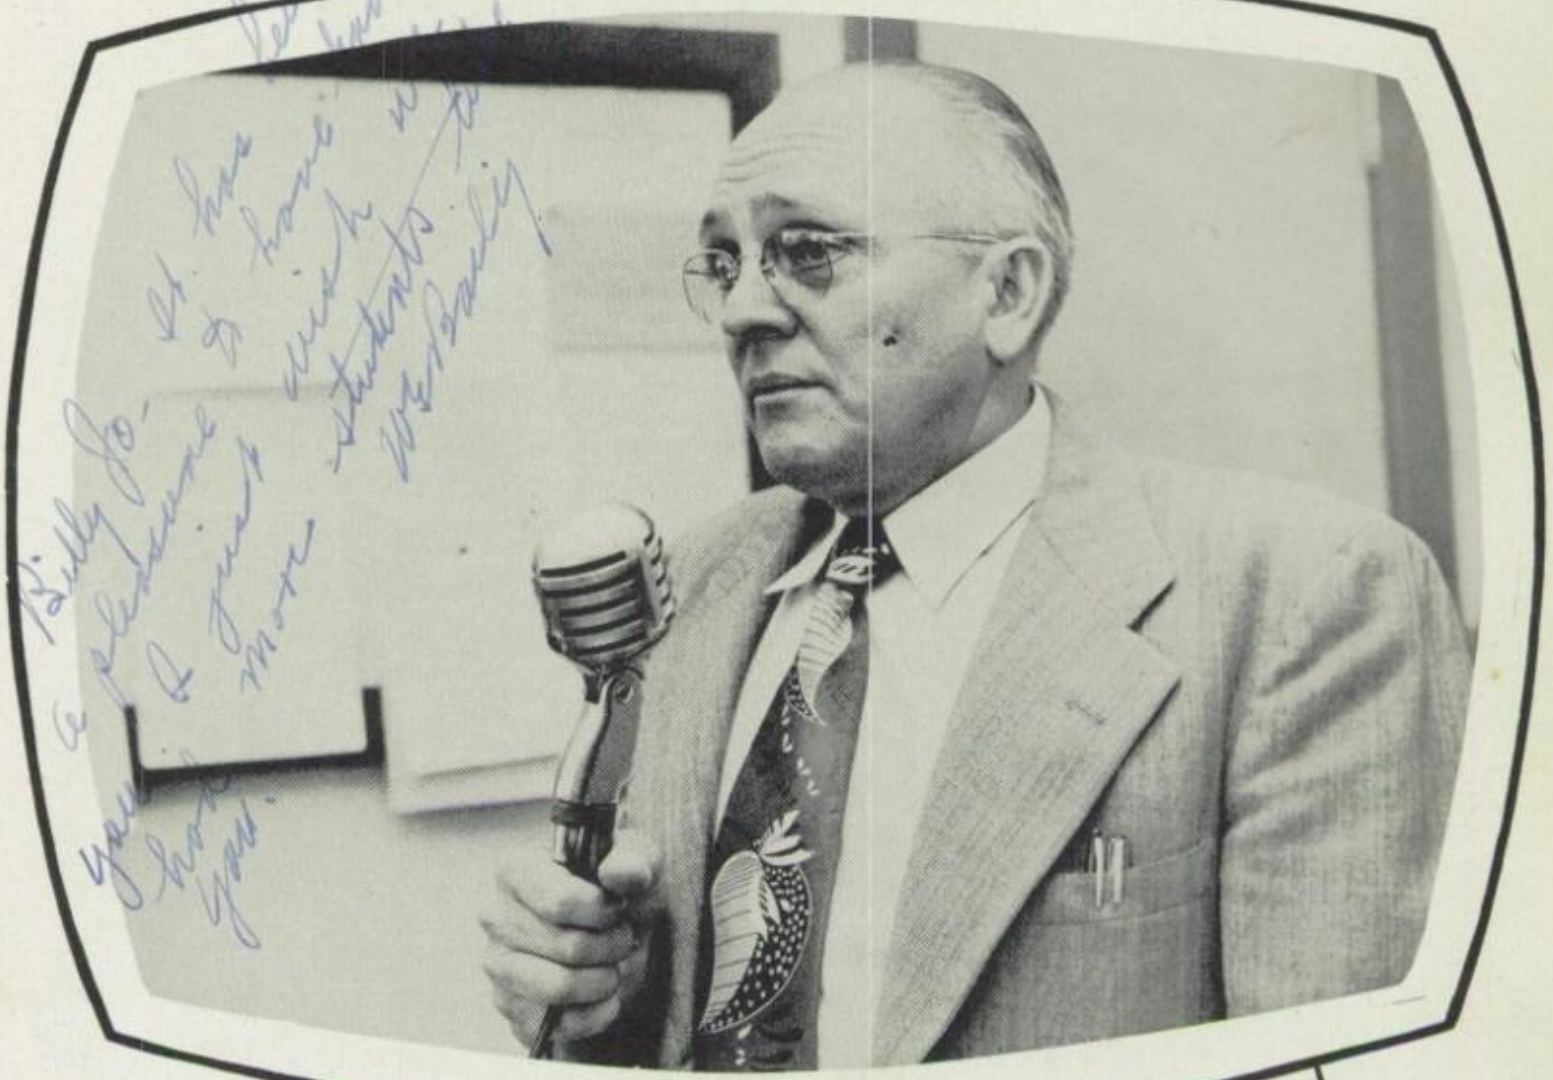
Principal's Message



"MAY I HAVE YOUR ATTENTION, PLEASE!"

The seniors of Jonesboro-Hodge High School have given me the privilege of sending greetings and best wishes through The Krafts-man to all our past and present students. Surely this yearbook, which has been so carefully prepared, will bring back priceless memories.

Our philosophy at Jonesboro-Hodge has been to bring to you the hope that relations among men can and must be made more decent, more just, more humane. We have been exerting our efforts toward the creation of a society in which the integrity of men and women is made the center of value, because, upon this, our whole future depends.

A grave responsibility rests upon all of us to analyze the demands being made of us and to our level best to carry out these responsi-bilities.

Although we've always been friends, until this year we weren't around each other too much. I've enjoyed sitting by you in Speech, we had some good times. I also enjoyed my visits to your house. (Remember to close all doors so Ken can't talk on the phone.) I want to wish all the success and happiness to a classmate and friend.

Dear Billie.

To me, you are nicest girl with the best personalities that I've had the pleasure of meeting. Wishing you all the luck + success in the world to bring you happiness forever + ever.

I've only known you about four or five months, that is really know you. Since I've been in high school I've seen you around — but I never did know you well + still don't. There's two things I like to do more than any thing in the world: (1) Play basketball in basketball season. (2) To have a real nice girl friend to go see when I want to.

I've been thinking about you a lot... but I always end up in the same place, no where. By no where, I mean that you treat me like a stranger when we are together + [illegible]

Although I've only known you a short while its been lots of fun.. but I think we could have even more, anyway here's hoping. I would like for you to show me a few of the hot spots in Monroe. They might come in handy if I go to school over there.

I know that I'm as close to the top with you, as close as I ever get. So when you think about me as one of your best friends at least; although I would like to be more - I don't believe I'll ever make it.

I had better go - So here's to you - all the success + happiness in the world - - - "Go with God"

All my love

Billie —

I can't put down in words what I would like to say cause I'm no good at it. I'll try anyway. I think you are one of the nicest and sweetest girls I've ever met or gone out with. Stay like you are now and don't let college change you. If you do change, I know for sure that it will be for the better. I owe you a lot. You're the one that gave me courage enough to ask someone to a dance. I'll never forget those two nights as long as I live. They rate on the top of me memory list. I don't think I've ever had as nicest time as we had those two nights or any more perfect sitter. You've taught me that there are still some very nice girls around in this big old world. And as for when and how we met I'll never forget. In fact going with you and even knowing you has been wonderful & hope it will last forever. I'll always remember you and as for liking you a little more than you'll ever know. I like you

I wish you all the love, luck and happiness this ole world affords & you deserve it and more. Here's to a very wonderful girl who I'll never forget and will always love. Think about me sometime. Lets never say good-bye — lets just say

Be sweet and I'll be seeing ya soon.

Love always,
Norman

April 20, 1950

my dearest Billie Jo,

This Senior year has been the most fun of all the other years put together. Never forget the fun we have had together.

Hon, as I paths separate, I simply hope that you never forget our friendship for I know that I shall not. When you enter at Teal and I at L.S.U. I hope that you have as much fun as we have had.

Billie, I know how you feel about Norman and I hope everything turns out just the way you want it to. He is a very nice boy — also "good-looking."

I shall never forget the State Basketball tournament. I like to think of the word "champs" and I hope that I can always remember it referring to J. H. H. S.

Never forget those Friday + Saturday Nite Dances which was very much fun. The way we had to beg for some sort of transportation — sometimes we ended up "hitch-hiking" but nevertheless it was great fun.

From me to a "blonde-headed Angel" I wish the best of luck always. It has been great fun, and I shall always remember it with affection.

Love Ya Lots

I like Don, think it has been wonderful.
I've enjoyed being in speech with you
this year and listening to your reports
on Extemp + Rodeo Speaking. Not that I
had anything against speech or myself Chapman
but I can think of some classes in which that I would
have listened to the same report with more
interest. Always be as kind and friendly

Billie Jo:
Well, its nearly over, but it has really been wonderful. I will never forget our wonderful school days together and they have really been wonderful. We will go different routes in life and won't see each other as often, but I will never forget you as you have been a great friend. You have worked hard in high school and attained a high standing with everyone you have associated with. If you are as great a success in life as you have been in high school, you will be a great success. You have a personality that nobody can refuse. Stay the same as you are now and you will always have plenty of friends. Good luck and try to remember me.
